Welcome back to Term 2! We are all very excited to begin yet another fantastic term in Grade 3. We were very proud of all students in Grade 3 last term with their learning. They completed their Leader in Me projects with confidence, they finished their Narrative books Board Games and were very proud when sharing them with their peers. Students enjoyed developing Easter decorations with their buddies.
7 HABITS AT HOME

Use a morning routine checklist that is time bound to stick on the fridge to be ticked off each morning. Encouraging them to create it, sign it, commit to it and hopefully they are more inclined to action it. It really is a great way to encourage independence, accountability, responsibility and actively working on being proactive, planning ahead and prioritising.

Science Fact from Ms Ziogos

Did you know that electricity plays a role in the way your heart beats. Muscle cells in the heart are contracted by electricity going through the heart. Electrocardiogram (ECG) machines used in hospitals measure the electricity going through someone’s heart, when the person is healthy it usually shows a line moving across a screen with regular spikes as the heart beats.

Other reminders/notices

Homework

Students are still encouraged to complete their reading each night! Mathletics is also set for all students.

Japanese Day

Tuesday May 5th will be our Japanese Day! More information to follow.

Special Religious Instruction

Special Religious Instruction is beginning in week 3 for Grade 3 students.

Soccer Clinic

Students in Grade 3 will be participating in a soccer clinic on Tuesday afternoons for the next 3 weeks! This will be replacing their PE class for these weeks.

Art room supplies needed

If any families have spare coat hangers or blocks of wood from building projects, the art room would love to take them off your hands. The Art room will use them for various projects.

Congratulations to our Stars of the Week!
