Students in Grade 3 last week created their own pictures through the use of Grid Maps. All students enjoyed this activity as they were able to not only practise their skills with Grid Coordinates, but also create beautiful pictures. Students also created their own autobiographies which their teachers loved reading. Well done on a great week Grade 3!
**7 Habits at Home**

The Parktone Community has learnt a lot about the 7 Habits and we are learning how to apply these habits at school and in our daily lives. The ideas included here are to help your family use these habits at home.

Encourage win-win solutions to sibling disputes. Don’t always be the mediator; let them work out a solution and be sure to be lavish.

---

**Science Fact from Ms Ziogos**

Did you know that the loud noise you create by cracking a whip occurs because the tip is moving so fast it breaks the speed of sound! When traveling through water, sound moves around four times faster than when it travels through air.

---

**Other Reminders/Notices**

**Assembly:**

Students are asked to please bring a waterproof jacket for assemblies to keep them nice and warm!

**Grade 3 Excursion**

Our excursion is this Wednesday the 27th of May! Please remember to arrive at school on time. Also remember to bring a waterproof jacket, and snack and lunch to be in separate plastic bags. We are looking forward to a wonderful day!
