- LIM Community Update (via compass)

Students in Grade 3 last week enjoyed learning about the different types of angles. They enjoyed exploring the school and looking for the different types they learnt about. Students also enjoyed working on their Integrated Project about explorers and change. The Grade 3 students were lucky enough to spend more time with their buddies leaning about the habit Seek First To Understand Than To Be Understood.
Habit 2 provides a good base for activities around goal setting. As a family (or with an individual child), choose an area that needs improvement. The area of improvement, or the broad goal, becomes your end in mind. Then think of specific steps that will lead to achieving this goal. For example, if the goal is to improve as a reader, specific steps may include reading a certain amount of time every day or working several times a

### Science Fact from Ms Ziogos

While most people know that water boils at 100 °C (212 °F), this is at the normal conditions of sea level. The boiling point of water actually changes relative to the barometric pressure. For example, water boils at just 68 °C (154 °F) on the top of Mount Everest while water deep in the ocean near geothermal vents can remain in liquid form at temperatures much higher than 100 °C (212 °F).

### Other reminders/notices

Mrs Poulter needs Arnotts Shapes boxes for next term. Please drop at the office or at the artoom.

### Congratulations to our Stars of the Week!

- **3C Briar Duffield** for all your hard work! Keep up the amazing effort.
- **3S Sammy Komninakis** for Being Proactive in the classroom. Well Done Sammy
- **3SO Isabelle Johnston** for being a caring and kind member of 3SO. Good Luck at your new school.

### Learning Targets

#### Maths Targets

*Measurement: Area, Length and Mass*

#### Writing Targets

*Features of Narrative Writing*

#### Reading Targets

*Meaning cues: linking text with previous experiences*

### Homework

- **Nightly reading**
- **Mathletics/Maths Online Tasks**
