At Parkdale Auskick we are working with the AFL to set up a program at our regular Auskick sessions for children with special needs. The AFL Victoria Access All Abilities (AAA) program we are seeking to implement is designed to ensure that children of all abilities have the opportunity to participate in Auskick and that Auskick centres are as inclusive as possible.

A great example of a AAA program is the Irabina Auskick centre in Bayswater. Irabina caters for children on the Autism spectrum and has seen children who previously found it difficult to engage in their local centre thrive with the help of specially trained coaches.

Side by Side Auskick centres are the most common type of AAA centre being set up across Victoria. AAA centres are designed to integrate into an existing Auskick centre by simply adding another group to the existing structure. This group is supported by specially trained AFL coaches who can help support any child that may need a little bit of extra time and space to develop their skills. This is the model that Parkdale Auskick will be adopting.

At Parkdale Auskick we have over 250 registered boys and girls participating every week with regular Saturday morning sessions and a special Friday evening session once a month, all at Walter Galt Reserve. All our coaches are AFL accredited and have working with children authorisation. We have a committee of management that runs Parkdale Auskick and we work closely with the AFL throughout the year. Children turning five in the current year and up to twelve years old participate.

We are keen to gauge interest and have children register in the proposed Parkdale Auskick AAA program. Parkdale Auskick AAA program contact: Glenn Stewart

Email: Parkdale.Auskick@tpg.com.au
Phone: 0404 000 706.

We are hoping to have the AAA program up and running by the early June and this will obviously depend on interest.

There will be no charge for participation this year and all activity is covered by insurance through the AFL. Related AFL information for the AAA program can be found at: [http://www.aflvic.com.au/auskick/access-abilities-auskick/](http://www.aflvic.com.au/auskick/access-abilities-auskick/)
Census recruiting now in your community

Apply now for temporary, part-time Census jobs

Make a difference in your community and join Australia’s largest logistical peacetime operation – the 2016 Census of Population and Housing.

The Census is on 9 August, and the Australian Bureau of Statistics is looking for dedicated and enthusiastic self-starters to fill up to 6,900 temporary Field Officer positions across Victoria. So if you are tech-savvy and know your local area, the ABS wants to hear from you.

Working on the Census is a great way to contribute to your community. The data you collect provides an important statistical snapshot that supports planning, policy and funding decisions for a range of local services and infrastructure – from housing and transport to health and education.

A few things have changed since the last Census. The majority of households will now receive their Census materials in the post, and for the first time approximately 65 per cent of households are expected to complete their Census online. Anyone can request a paper form if they prefer.

Field Officers play a critical role by visiting households, encouraging online participation and ensuring everyone makes the count. And as a Field Officer, you’ll earn around $21 per hour (including 25 per cent loading). You will also be responsible for daily administrative tasks and the security of Census materials.

You’ll need to be a good communicator, reasonably fit, licensed to drive and willing to travel and work independently. Because the Census is going digital, Field Officers will also need to be comfortable using a computer, tablet or mobile device.

These are part-time positions with flexible hours, and most of the work will be conducted during August and September. People from diverse backgrounds are encouraged to apply.

RAISING RESILIENT TEENS
Parenting Seminar presented by Sharon Witt
Wednesday June 15th at 7pm

We are delighted to offer this parenting seminar featuring Sharon Witt. Sharon Witt has been immersed in teen world for over two decades in her role as a Secondary teacher, Author and Presenter to adolescents and their parents around the country.

She is a regular media commentator on issues impacting young people, parenting and educational issues. Sharon often appears on Channel 7’s The Morning Show and The Daily Edition as well as having weekly parenting segments on radio in Melbourne and the Gold Coast. She also writes for a number of publications including Mici, Gigi and Bella magazines for adolescent girls.

Sharon is the author of 12 books written for young people to help guide them through many of the issues they face in early years, including the best selling Teen Talk and the recently released Girlwise and Wiseguys series. We currently use Sharon’s GirlWise program at Parkdale Secondary College.

The seminar will be held at Parkdale Secondary College Senior Centre.
All proceeds of the event will go towards supporting the chaplaincy wellbeing program at the college.

Tickets can be purchased through trybooking for $15.

‘Achievement through fun’

“It’s such a pleasure to help people to learn more about mindfulness and meditation and enjoy the benefits they offer.”

Victoria Gelberg (Bachelor of Education, Masters of Teaching) is an experienced facilitator of meditation and mindfulness practices. A teacher with over 20 years’ experience, Victoria has adopted the use of meditation and mindfulness in education settings in both the UK and Australia. She has witnessed the powerful, transformative effects of meditation and mindfulness in both children and adults. Victoria has a Masters in Teaching from the prestigious Institute of Education, University of London, and spent two years researching meditation, mindfulness and wellbeing as the basis of her Masters thesis. In addition, she has trained in Curriculum Training and the Mindfulness Fundamentals courses, as well as recently completing training in the Difficult Emotions pilot course with the Mindful Schools organisation, one of the leading organisations in mindfulness training in education, based in the USA. She remains engaged with the ever-expanding body of research into mindfulness and in particular its applications within education.

Victoria lives a mindful philosophy and is passionate about sharing her experience with others to help people live more attentive and mindful lives.

OPPORTUNITY FOR STUDENTS TO EXPERIENCE ANOTHER CULTURE, MAKE NEW FRIENDS AND IMPROVE THEIR LANGUAGE STUDIES AT HOME

In June and July we will be receiving exchange students from Brazil, Czech Republic, Denmark, Finland, Germany, Italy, Norway, France, Japan, Sweden, Slovakia, the USA and the Netherlands. Our new arrivals will live with a host family and attend a local school for 3, 5 or 10 months. As we plan for their arrival, we are keen to hear from suitable families who might be interested to host a student.

Host families come in all shapes and sizes, backgrounds and ages. To this end, we would be grateful if you would place a notice in your newsletter or mention it on your website. You can download the newsletter notice here in pdf format or as a Word doc.

Hosting an exchange student can be a truly rewarding experience. It allows a family to experience a foreign culture first hand, be exposed to a new language and pass on a bit of our own culture. They might even make a friend for life! All students have at least basic levels of English, would attend a school in your local area and live the life of a local. Below is a sample of students who will be arriving.

16 year old Brazilian student Luiza is looking forward to coming to Australia to experience a different culture and improve her English. She is passionate about being healthy and enjoys going to the gym and hopes that she can exercise with her Australian host family. Luiza enjoys watching TV, reading and studying and describes herself as easygoing, outgoing and open minded.

Caroline is a 16 year old student from Denmark. She is looking forward to getting to know a new culture, meet new people and have new life experiences. Whilst in Australia, she is hoping to continue to do athletics and running and if possible try surfing and participate in social activities. Caroline describes herself as happy, sporty, extrovert, independent and caring.

Leopold is a 16 year old student from France who loves his cats, horse and pony as well as scuba diving and music. When he is not studying, he enjoys lots of activities such as climbing, body building, swimming and going to the cinema. He visited Australia as a young child and has great memories and therefore would like to spend a year here getting to know the culture. His parents describe him as curious, interested in different cultures and passionate about nature, animals and the water.

Koen is a 17 year old student from Holland. He is passionate about scuba diving and has his advanced licence. He enjoys travelling, experiencing new cultures and broadening his horizons. His family describe him as honest and responsible with a sense of humour. In addition to diving, Koen enjoys sports, meeting up with friends, reading, listening to music and working at his local supermarket.

Simone is a 16 year old student from Italy who loves to travel, play the drums and play table tennis. He has many passions such as skiing, sailing, being on the water and cooking as well as playing with his dog. He is looking forward to coming to Australia and is intrigued by the outback and the beaches. Whilst here, Simone would be interested in trying new sports.

You can view more profiles of students arriving soon from our website. Please note that this is just a handful of the students who will be arriving. If families would like a selection of student profiles sent to them to review and decide which student may fit into their family best, please contact us or reply to this email.

The Stuart family were thrilled to have Danish student Simon stay with them for 8 months. As commented by host mum Victoria, "It has been a fantastic experience. Simon has been an awesome role model to our two young children, he has been like an older brother to them." Victoria continues, "the experience has benefitted us too, as it has allowed us to have greater free time and flexibility as a family. I was very impressed with Simon, as within the first couple of days he was here, he asked what should his chores be?"

"Just give it a go, the benefits will surprise you. I highly recommend it", mentions Australian Host Dad Andrew, from the Stuart family. "Not only do your children benefit, but the benefits exist for the parents too." Host Dad, Andrew continues, "We are so lucky to have Simon come stay with us. He is a fantastic student, easy going and not very demanding. He has fitted into the Australian way of life so easy. He even obtained his Bronze Medallion. We are so proud of Simon."
The Stuart family talk about their hosting experience further and discuss the ups and downs of hosting, why they hosted and the benefits of being a volunteer host parent. Please check out their video [here](#). You can also watch a selection of videos of the Cain family from our [host family testimonials](#) page on our website.

Student Exchange Australia New Zealand is a not-for-profit organisation that is registered with all state and territory Departments of Education around Australia and with the Ministry of Education in NZ. We are the first and only secondary exchange organisation in Australia and New Zealand to be certified to ISO 9001 (Quality Management System) and we ensure the highest standards of care and support to our participants. You can find out more about our organisation by visiting [www.studentexchange.org.au](http://www.studentexchange.org.au).

If your students, families or language teachers have any questions about hosting an exchange student or would like to view profiles of students arriving from other countries, they can respond to this email, call our office on 1300 135 331 or visit our [website](#). Our staff members will be happy to discuss which student might be best suited to their family. No obligation.

Please note that the purpose of this email is to find families to host international exchange students. Thank you in advance for your assistance.

LEGO® EDUCATION PROGRAM 2016

The new program has been designed in two parts:

- **Science and Technology:**
  Students explore the world of powered mechanisms.

- **Creativity and imagination:**
  Students engage with LEGO® pieces to complete puzzles, games and challenges without instructions and become Master Builders!

As long serving primary school teachers we believe it is important to use the Australian Curriculum as a guideline to the program.

**Key Learning Values:**

- Building and exploring real life Machines and Mechanisms
- Investigating powered machines with the motor
- Using plastic sheets for calibration and capturing wind
- Exploring gearing mechanisms with the assorted gear wheels
