Nude Food Day

Wednesday 27th of August

As part of our Term 3 Integrated topic of Sustainability Parktone is having a Nude Food Day. Our aim is to have no plastics in our lunch boxes!

Ideas:

- Place sandwiches in baking paper
- Tie with string
- Re-usable containers

Competition: Class with the least rubbish total wins!

Concert Time!

1A: Firework – Katy Perry

1B: Everything is Awesome – Lego Movie

1C: One Way Or Another - One Direction

1D: Rockin Robin – Jackson 5

We would love it if you could practise the lyrics at home!

7 HABITS AT HOME The LeaderinMe™

The following is a suggested reading list for Habit 2: Begin With the End in Mind

Whistle for Willie by Ezra Jack Keats.

Peter wants to be able to whistle for his dog but, try as he might, he just can't do it. Throughout the story, Peter is a

leader and continues to try to reach his end in mind. Children will relate to the

story as they are also acquiring new skills.

The Very Busy Spider by Eric Carle.

Throughout the story, the determined spider spins her web. .
She has an end in mind—to finish her web and catch a fly for dinner.

PARKTONE SOCIAL GROUP

Our Class Reps, (1C – Kate Jewell, 1D – Brigid Sawyer, 1A - , 1B -) are the point of contacts between the parents in our grade and the Parktone Social Group (P.S.G.).

Any information from the P.S.G will be emailed to parents via our Class Rep.

This is a reminder that if you are not on the contact list, you will not receive information from the P.S.G which will include upcoming events such as the school disco, Father's Day stall and afternoon teas, to name a few.

There will however be hard copies of any P.S.G. notices at the office and on our website.

It's never too late to add your details to the contact list, just let your child's teacher know, via a note in the diary/email.

Science fact of the week

As we are studying dinosaurs with the year one students I thought this would be a fun fact.

Do you know that when you drink water you're drinking dinosaur spit? The water we have today is the same water that the dinosaurs drank. How can this be? Well, it can take a water molecule thousands of years to finish a cycle from ocean to sky to land and back to the ocean again. This is because the water may be trapped in ice for a very long time.

HAVE A GREAT WEEK!
