

6<sup>th</sup> November 2020

Dear Parents/Guardians,

## **2021 Parent Payments**

We are looking forward to the 2021 school year that promises to be another busy and exciting one for Parktone Primary School.

Parktone Primary School is proud of the quality programs that we have put in place to cater for the needs and interests of our students and we are committed to providing the best possible education and facilities.

On an annual basis, School Council prepares a budget to provide resources for educational programs, administration, facilities development and maintenance. Our income is funded from three sources:-

- ♦ **Department of Education and Training (DE&T) Student Resource Package (SRP)**  
Pays for school administration, utilities and services, staff salaries, urgent works, maintenance, cleaning and general school operations.
- ♦ **The payments and contributions provided by our parent community, which are an essential component of funding.**  
Locally raised funds are the major source of our educational and school program funding and this comes from:-
  - Parent payments for student requisites, curriculum and resources
  - Regular fundraising for annual School Council projects
- ♦ **Voluntary Financial Contributions**  
School Council invites voluntary payments to subsidise many of the costs associated with our extra-curricular teaching and learning activities. Whilst vital to the whole school experience, the quality of our extra-curricular offerings is dependent on how much is donated each year. Voluntary payments are divided amongst three funds:-
  - **Library Fund (tax deductible).** To further enhance our Library we would like to work on the following projects in 2021; painting the walls, upgrading fixtures and chattels, replenishing the non-fiction section, purchasing digital technology for research purposes. Evidence supports the fact that classrooms also need a rich stock of texts for students to access at all times so a priority will be to continue to build up our classroom libraries.
  - **STEAM/eLearning Fund.** Access to high-quality Science, Technology, Engineering, Arts and Mathematics (STEAM) education and materials is essential in supporting the development of our students' critical thinking, problem solving and creativity. By donating to the STEAM Fund, you will enable our school to purchase materials and devices that will enhance the learning of all of our children.

- **Grounds & Maintenance.** The maintenance of a safe and attractive school is important for all who use the facilities. The grounds and maintenance contribution enables safety issues to be addressed immediately and development work to be undertaken, as well as enhancing the learning environment for your children. It provides for minor building maintenance and projects not covered by DE&T grants. It also allows us to maintain and replace classroom fixtures and furniture to a standard conducive to learning.
- **School Assistance Fund.** The School Assistance Fund is to provide essential education items or optional extras for families at our school unable to purchase these items due to demonstrated financial hardship. Your contribution helps to ensure that all our students have the option of attending school camps and excursions and have the items they need for school. We would be grateful for any donation you could provide.

Further information will be sent to parents and also included in Compass regarding the Voluntary Contributions in 2021.

School Charges are extremely important in maintaining the standard of education and resources we believe our children need and deserve.

Please find the fee schedule for each year level attached. This is provided to families prior to the end of the school year for planning purposes only. Family statements will be sent home in the first week of school with payment due by **Friday 12th February, 2021.**

Parktone Primary School makes every effort to keep the cost of items and activities to a minimum and affordable for all parents.

### **Financial Support for Families**

We appreciate that families may sometimes experience financial difficulty in meeting payment requests. The Camps, Sports & Excursion Fund (CSEF) is available to parents who hold a Healthcare Card to help with these costs. Application forms are available at the school office for families who have not applied before. Fee relief and assistance with uniform purchases may also be available through the State Schools Relief Fund.

For a confidential discussion about accessing these services, or if you would like to discuss alternative payment arrangements contact: Nadine Robinson (Business Manager) on 9580 1207 or email to [nadine.robinson@education.vic.gov.au](mailto:nadine.robinson@education.vic.gov.au).

### **Payment Methods**

There are a number of payment options available through the school with the preferred method being via Compass. Other payment methods are BPAY (your unique BPay Code is displayed on your family statement), EFTPOS, Credit Card, Cheque and Cash.

### **Refunds**

For information in relation to refunds, our school's Refund Policy is available to view on our school website via this link: <https://www.parktoneps.vic.edu.au/page/202/Parktone-Policies>

# PARENT PAYMENTS POLICY

## ONE PAGE OVERVIEW

The following is a summary of the main principles of the Parent Payments Policy:

### FREE INSTRUCTION

- Schools provide students with free instruction to fulfil the standard curriculum requirements as outlined in the Victorian Curriculum F-10, VCE and VCAL.

### PARENT PAYMENT REQUESTS

- Schools do not ask parents to pay for school operating costs (e.g. utility costs) or general and unspecified charges.
- Schools request payments from parents under three categories:

#### Essential Student Learning Items

- Items and activities which the school deems essential for student learning.
- Parents may choose to purchase essential items through the school or provide their own.

#### Optional Items

- Items and activities that enhance or broaden the schooling experience of students and are offered in addition to the standard curriculum.
- These are provided to students on a user-pays basis.

#### Voluntary Contributions

- Voluntary contributions support the school to continue to be the best local school for all students and can be for general or specific purpose.
- Students will not be disadvantaged in any way if parents do not make a contribution.

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools obtain school council approval for their parent payment arrangements and upload their arrangements on their school's public website for transparency.
