

With the support of the Franklin Covey Association Parktone Primary is focused on how we as educators can create leaders, one child at a time. The Leader in Me initiative based on Stephen Covey's 7 Habits of Highly Effective People, is embedded across all subject areas, and is demonstrated and taught daily.

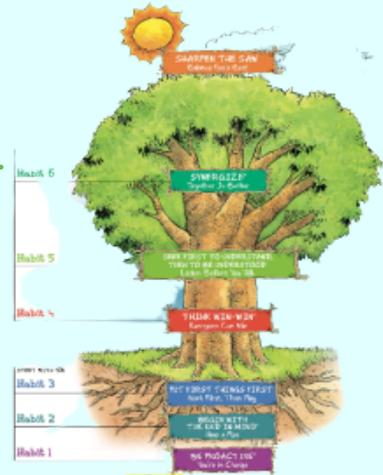

School Mission:

Identify the talent, develop the confidence and create the leader.

School Vision:

There is a prosperous path for every child. Each journey is theirs to lead. There is a place in which every child can shine.

WORKING IN YOUR ELEMENT

We encourage students to engage in and develop their passion during our weekly Element sessions.

LEADERSHIP DAYS

We celebrate the Leader in Me partnership by inviting our community to Leadership Days. Students display their successes, knowledge and skills.

ROAD TO SUCCESS

Students set their own Wildly Important Goals and track their progress each week.. They begin each year by creating class and personal mission statements.

LEADERSHIP

At Parktone there are many opportunities from students to become leaders in many areas of the school. Students regularly visit our Leaders Wanted board to see how they can let their leadership shine.

THE LEADER IN ME AT PARKTONE

Parktone Primary School embraces a partnership with Franklin Covey to implement a Leadership program within the school community. The Leader in Me provides students with an opportunity to develop their leadership skills by using the 7 Habits

Throughout the year there is regular contact with the school community to communicate how these habits can also be used at home.

Define your mission and goals in life. Live your life with hope and purpose. Know what you want before you begin.

Take responsibility for your life. Choose to act deliberately and take responsibility for your actions, choices and Behaviours. Listen to your language and be proactive rather than reactive.

Prioritise and do the most important things first. Make the most effective use of your time by prioritising. Work smarter, not harder.

Have an 'everyone can win' attitude. Build successful relationships with others by finding a solution that works for all.

Listening to understand others before speaking. At Parktone, we learn to listen without interrupting and listen with our ears, eyes, and heart.

Work together to achieve more. Two or more people can work together to create a better solution than either one could create alone. Synergy requires valuing people's uniqueness and individuality

Renew yourself regularly. Balance all four dimensions of your life: body, mind, heart and soul.
