

14 November 2025

Dear Parent/Guardians,

Parktone Primary School is proud of our student's achievements in 2025 and is looking forward to another wonderful year of teaching and learning in 2026. Our student outcomes are in part possible due to the continued support of our parents/carers and their contributions by both community involvement and a financial perspective. To continue to enhance student learning at Parktone Primary School, we would like to advise you of the school's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements, and we want to assure you that all contributions are voluntary. While the Department of Education funds a standard curriculum program, many of the highly valued programs and resources provided by Parktone Primary School go beyond this funding and could not be provided without the financial support of our families whose children benefit.

The ongoing voluntary financial support of our families ensures that our school continues to offer a comprehensive educational program to deliver robust learning outcomes and support for all our students. We want to thank you for your support, whether that is through your contributions, fundraising events, or volunteering time. This has made a significant difference to our school and the programs we can offer.

Within our school this support and the continued generosity of our school community have allowed us to:

- Provide new shade sails, creation of a sustainability garden, mural, fencing and plants for our garden beds.
- Enabled the school to employ a groundsman to continue the upkeep and maintenance of our school grounds ensuring a safe and attractive environment for all who use the facilities.
- Upgrade and purchase additional technology equipment providing enhanced digital learning opportunities in all curriculum areas including the purchase of 3D printers and Ozobots for our STEAM program.
- Allowed the school to continually resource and restock literacy books, library books and classroom resources such as take-home books, classroom libraries, and hands on resources.
- Upgrade buildings, including addition of a new entry door in administration, ensuring the safety of all students.
- Offer a wide range of subjects and special curriculum experiences for our students across all year levels, through the purchase of quality art, physical education equipment, and resources.
- Specialist software to support student learning and assessment in literacy and numeracy.
- Supply first aid materials and equipment for our well used first aid room.
- Provide assistance to families in need.

Please find the schedule for your child's contributions for 2026 attached. This is provided to families prior to the end of the school year for planning purposes. Further details regarding payments will be made available via Compass at the commencement of the 2026 school year.

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
